

Serie Expert Hair / Scalp Treatments

Serie Expert Nature Series:

Richesse Remedy - pre-treat

-Very dry and completely dehydrated hair.

Fig Cataplasme Therapy - post-treat

-Very sensitized hair, exhibiting signs of damage.

Ginseng Cataplasme Therapy - post-treat

-Color treated, lacking radiance, shine, lightness.

Power Dose Pre-treatments:

Renew C -AHA-Lipid Guard

-Provides internal fortification of severely chemically-damaged hair.

Color Starter –Ionene G

-Optimizes the color process for protected, radiant color and shine.

Power Dose Post-treatments:

Powerdose Color –Color Guard System

-Revitalizes, protects, and maintains the vibrant shine of color-treated hair.

Power Repair B –Neofibrine Technology

-Repairs, reconstructs and deeply conditions chemically-damaged hair.

Scalp Care:

Soft Peel –Lipidine Technology

-Deeply cleanse scalp with exfoliating micro-pearls for removal of scalp residue and excess sebum.

Sensi Post –Sorbitwin Technology

-Moisturize scalp to re-establish its protective barrier role and diminish scalp discomfort and dryness.

On the day of your color service, ask your stylist about Serie Expert color strength program and a maintenance schedule for your specific hair needs.

Cancellation Policy

As a courtesy to your stylist all cancellations require a 24 hour notice. Failure to show up will result in a full charge for scheduled services.

CHI Enviro – American Smoothing Treatment

What is it?

It is a revolutionary safe treatment that is formaldehyde free. The treatment is easy, simple, fast and can eliminate up to 95% of frizz while making curly hair more manageable. CHI Enviro is guaranteed to leave the hair healthier, stronger and smoother, while adding amazing shine. CHI Enviro is formulated with amino acids, proteins, silk and pearl. The combining of cysteine can synergize with hair's natural cysteine, thus rearranging cysteine proteins in the hair's natural fiber. There is no bond breaking with this invention only elongating bonds.. The new protein rearrangement can be cured to last for up to 4 months by applying unique formula and sealing it with heat. Thus sealing and bonding hair to produce smooth, silky, strong and shiny hair.
